MEMORANDUM

To: Joint B&F and P&B Committees / Board Meeting

From: Andrew Williams

Date: June 24, 2022

Subject: 2022 Compensation Study / Salary Ordinance

Management staff has been working with First Person, Inc. on the 2022 Compensation Study. Abby Steele, with First Person, gave a presentation to the P&B Committee on April 25 and explained their research approach and shared their findings. First Person established a salary structure based on the benchmarks with a range of pay. The ranges are based on the pay philosophy and goal to be externally competitive. Step Chart scenarios were then considered for fitting this salary ranges into a step system.

Following First Person's recommended guidelines for appropriate range spreads for each grade level, dependent on the positions and job families, a step system with increasing number of steps for higher grades was established.

After receiving feedback from the Committee and Board members in attendance, a recommended compensation approach was presented at the June 13 P&B meeting. The proposed Step System will have 6 steps for entry level positions and expand to 12 steps for managerial and professional positions.

Attached is the recommended Step Chart. Implementing this new Step System on July 2 will increase the 2022 wage budget of \$1,703,000 by \$83,000 for the remainder of the year.

Recommended Action: Approve the Step Chart and Salary Ordinance 6-24-2022 to take affect July 2, 2022.
